BURN AID
BURN GEL
For First aid use on minor burns, scalds and sunburn

- Cools
- Soothes
- Relieves Pain

4oz (118ml) BB-4
Drug facts:

Active ingredients: Melaleuca Oil 10mg/g

Purpose: For the first aid treatment of minor burns, scalds and sunburn

Directions:
1. Apply gel liberally to burn area. Do not rub. Repeat application after 10 minutes, or as required, as gel may be readily absorbed.
2. Cover if necessary.
3. Seek medical attention for any burn that is serious, or if pain persists.
4. Burnaid is water soluble and can be rinsed off should further medical treatment be necessary.

Warning: For external use only. Discontinue use if irritation occurs. Store below 30°C.
