Product description:
Powered by the revolutionary M12™ REDLITHIUM™ battery, the M12™ Cordless LITHIUM-ION Realtree AP™ Heated Jacket delivers comfort and heat in cold weather conditions. This multi-layered camouflage jacket utilizes new cold weather technology to actively warm the body and stimulate blood circulation. Three carbon fiber heating zones distribute heat to core body areas, with a stylish performance-fit that gives users maximum flexibility and comfort during use. The 2333 M12™ Realtree AP™ Heated Jacket features three heat settings for varying heat needs, and is water and wind resistant for a variety of weather conditions. Ideal for cold weather activities, this camo heated jacket delivers continuous heat for up to 6 hours per battery charge. Available in sizes ranging from S - 3XL.
